MOR Process Overview

North Tampa Housing Development Corporation
MOR Process Overview

• The MOR Process Consists of:
  • Scheduling
  • Desk Audit
  • On-site Review
  • MOR Report
  • Owner Response
  • Response Review
  • Notification of Incomplete / Complete Response
What is an MOR?
MOR – Management and Occupancy Review

• The MOR is an on-site review and is one of the integral mechanisms of project monitoring used to ensure that owners/agents comply with Program and Regulatory requirements.

• The primary responsibility of reviewers is to assess management and oversight of multifamily housing projects.
The MOR also includes:

- An up-front civil rights monitoring for HUD’s Office of Fair Housing and Equal Opportunity (FHEO).
- Information gathering on State Lifetime Sex Offender Statistics.

Reviewers conduct the MOR Using form HUD-9834.
MOR Process Overview

• The Form HUD-9834 is formatted to review the following categories:
  A. General Appearance & Security
  B. Follow-up and Monitoring of Project Inspections
  C. Maintenance and Standard Operating Procedures
  D. Financial Management/Procurement*
  E. Leasing and Occupancy
  F. Tenant/Management Relations
  G. General Management Practices

* Note: PBCA’s do not review category D.
MOR Process Overview

• The Form HUD -9834 also includes:
  • Addendum A – used to review tenant files
  • Addendum B – used for the up-front civil rights monitoring/review
  • Addendum C – provided to owners/agents prior to the MOR listing documents to have ready for review during the MOR
  • Addendum D – used to gather State Lifetime Sex Offender Statistics
MOR Process Overview

• MOR Score:
  • Each category and the Overall Score is assigned a rating of:
    • Superior
    • Above Average
    • Satisfactory
    • Below Average
    • Unsatisfactory

• Each Category is provided with a numerical score based on the assigned rating:
  • Superior 90-100
  • Above Average 80-89
  • Satisfactory 70-79
  • Below Average 60-69
  • Unsatisfactory 0-59
MOR Process Overview

• Each category is weighted when determining the Overall Score:
  A. General Appearance and Security 10%
  B. Follow up and Monitoring of Project Inspections 10%
  C. Maintenance and Standard Operating Procedures 10%
  D. Financial Management/Procurement 25%
  E. Leasing and Occupancy 25%
  F. Tenant/Management Relations 10%
  G. General Management Practices 10%

• PBCA’s do not review category D and do not include it when determining the overall score.
MOR Process Overview

- There is a mathematical equation completed to determine the value of each category’s score.
  - Example: General Appearance and Security receives an above average and is assigned a score of 80.  
    80 is multiplied by 10% = value of 8

- The values of each individual category are added together and another equation is completed to determine the overall score.
MOR Process Overview

- PBCA conducted MOR’s are based off a total weighted percentage of 75% instead of 100% since category D is not reviewed by PBCA.
  - Total of category values is divided by 75%
    - Example
      A. General Appearance and Security  8
      B. Follow up and Monitoring of Project Inspections  8
      C. Maintenance and Standard Operating Procedures  7
      E. Leasing and Occupancy  20
      F. Tenant/Management Relations  7
      G. General Management Practices  7
      Total value 57 divided by 75% = 76
      Satisfactory Overall Score

Now you are Informed!
Time to be Proactive!
Be Proactive

**Preparation for an MOR** should be ongoing, not just limited to the days and weeks prior to the scheduled date.

However, it is a best management practice to take the time once an MOR has been scheduled to review the property and all required documents to ensure everything is in order, new items have been implemented, and regulations are being complied with; and take any necessary corrective actions prior to the On-Site Review.
Be Proactive

• MOR’s are scheduled at least 30 days in advance.
  • Begin preparing for your MOR immediately upon scheduling.
    • Make sure you are informed of all program requirements and aware of new requirements.
  • A written confirmation will be sent out along with a portion of the Addendum B and the Addendum C at least 15 days prior the to the on-site review date.
    • Upon receipt take the necessary steps to obtain a completely filled out the Addendum B signed by the Owner with original signature.
Be Proactive

- Gather all documents/items listed on Addendum C.
  - Ensure you have all documents listed and locate any missing items.

- Review all documents for compliance with current and \textbf{NEW} regulations.
  - Update and/or implement any documents as needed.

- Review all policies and procedures for compliance with current and \textbf{NEW} regulations and current and \textbf{NEW} site practices.
  - Update and or implement any documents as needed.
Be Proactive

• Review staff practices for compliance with current and NEW regulations and procedures.
  • Provide all needed training/instruction to staff as necessary to correct deficiencies in staff practices.

• Review the physical condition of the site as well as the last REAC inspection.
  • Make all necessary repairs.

• Review last MOR to ensure all corrective actions have been completed/implemented.
  • Ensure all 100% file reviews required have been completed and necessary corrections made.
  • Correct any/all repeat/recurring deficiencies.
Be Proactive

• Take the 9834 and do a pre-MOR self audit.
  • Correct any deficiencies found during your self audit.
• If tenant files are not regularly audited for compliance do a 100% file review, if time allows (use the Addendum A as guide). If files are regularly audited, or time will not allow a 100% review, then do a random sample. And follow up with other files as needed.
  • Ensure all required documents are in the files, calculations are correct, necessary documents are signed and dated etc… and make all necessary corrections.
Be Proactive

On day of MOR be Present and Ready

• Be on-site during the MOR.

• Have all requested documents ready and available for review at the start of the review.

• Pull files and additional documents as requested including obtaining documents/information from the home/corporate office if needed.

• Be available to answer any questions.

• Participate in questionnaire interview and be prepared to discuss or explain any item as needed.

• Be present for and participate in the close out meeting.
The key for preparation for an MOR and continued success and compliance is to remain informed and proactive after the MOR concludes and throughout the year/years between MORs. It is an ongoing process that requires periodic review and follow up that should not be limited just to the MOR process.
