MOR Process Overview
MOR Process Overview

• The MOR Process Consists of:
  • Scheduling
  • Desk Audit
  • On-site Review
  • MOR Report
  • Owner Response
  • Response Review
  • Notification of Incomplete / Complete Response
MOR Process Overview

What is an MOR?

MOR – Management and Occupancy Review

• The MOR is an on-site review and is one of the integral mechanisms of project monitoring used to ensure that owners/agents comply with Program and Regulatory requirements.

• The primary responsibility of reviewers is to assess management and oversight of multifamily housing projects.
MOR Process Overview

• The MOR also includes:
  • An up-front civil rights monitoring for HUD’s Office of Fair Housing and Equal Opportunity (FHEO).
  • Information gathering on State Lifetime Sex Offender Statistics.
  • Reviewers conduct the MOR Using form HUD-9834.
MOR Process Overview

• The Form HUD-9834 is formatted to review the following categories:
  A. General Appearance & Security
  B. Follow-up and Monitoring of Project Inspections
  C. Maintenance and Standard Operating Procedures
  D. Financial Management/Procurement*
  E. Leasing and Occupancy
  F. Tenant/Management Relations
  G. General Management Practices

* Note: PBCA’s do not review category D.
MOR Process Overview

• The Form HUD -9834 also includes:
  • Addendum A – used to review tenant files
  • Addendum B – used for the up-front civil rights monitoring/review
  • Addendum C – provided to owners/agents prior to the MOR listing documents to have ready for review during the MOR
  • Addendum D – used to gather State Lifetime Sex Offender Statistics
MOR Process Overview

• **MOR Score:**
  • Each category and the Overall Score is assigned a rating of:
    • Superior
    • Above Average
    • Satisfactory
    • Below Average
    • Unsatisfactory

• Each Category is provided with a numerical score based on the assigned rating:
  • Superior *90-100*
  • Above Average *80-89*
  • Satisfactory *70-79*
  • Below Average *60-69*
  • Unsatisfactory *0-59*
MOR Process Overview

• Each category is weighted when determining the Overall Score:
  A. General Appearance and Security 10%
  B. Follow up and Monitoring of Project Inspections 10%
  C. Maintenance and Standard Operating Procedures 10%
  D. Financial Management/Procurement 25%
  E. Leasing and Occupancy 25%
  F. Tenant/Management Relations 10%
  G. General Management Practices 10%

• PBCA’s do not review category D and do not include it when determining the overall score.
MOR Process Overview

• There is a mathematical equation completed to determine the value of each category’s score.
  • Example: General Appearance and Security receives an above average and is assigned a score of 80.
  
  80 is multiplied by 10% = value of 8

• The values of each individual category are added together and another equation is completed to determine the overall score.
MOR Process Overview

• PBCA conducted MOR’s are based off a total weighted percentage of 75% instead of 100% since category D is not reviewed by PBCA.
• Total of category values is divided by 75%
• Example
  A. General Appearance and Security  8
  B. Follow up and Monitoring of Project Inspections  8
  C. Maintenance and Standard Operating Procedures  7
  E. Leasing and Occupancy  20
  F. Tenant/Management Relations  7
  G. General Management Practices  7
Total value 57 divided by 75% = 76
Satisfactory Overall Score

Where are the controlling documents and what do they say?

- HAP Contract
  - Original and Current
- Regulatory Agreements
- Use Agreements

**NOTE:** PBCA’s only conduct MOR’s to ensure compliance with Section 8 requirements and HAP Contract. When PBCA’s conduct an MOR other controlling documents will only be referenced if need be. However, HUD will always look for compliance with these controlling documents so you need to be aware of the requirements of all controlling documents.
Now you are Informed!
Time to be Proactive!
Be Proactive

**Preparation for an MOR** should be ongoing, not just limited to the days and weeks prior to the scheduled date.

However, it is a best management practice to take the time once an MOR has been scheduled to review the property and all required documents to ensure everything is in order, new items have been implemented, and regulations are being complied with; and take any necessary corrective actions prior to the On-Site Review.
Be Proactive

• MOR’s are scheduled at least 14 days in advance.
  • Begin preparing for your MOR immediately upon scheduling.
    • Make sure you are informed of all program requirements and aware of new requirements.
  • A written confirmation will be sent out along with a portion of the Addendum B and the Addendum C at least 14 days prior the to the on-site review date.
    • Upon receipt take the necessary steps to obtain a completely filled out the Addendum B signed by the Owner with original signature.
Be Proactive

• Gather all documents/items listed on Addendum C.
  • Ensure you have all documents listed and locate any missing items.

• Review all documents for compliance with current and NEW regulations.
  • Update and/or implement any documents as needed.

• Review all policies and procedures for compliance with current and NEW regulations and current and NEW site practices.
  • Update and or implement any documents as needed.
Be Proactive

• Review staff practices for compliance with current and NEW regulations and procedures.
  • Provide all needed training/instruction to staff as necessary to correct deficiencies in staff practices.

• Review the physical condition of the site as well as the last REAC inspection.
  • Make all necessary repairs.

• Review last MOR to ensure all corrective actions have been completed/implemented.
  • Ensure all 100% file reviews required have been completed and necessary corrections made.
  • Correct any/all repeat/recurring deficiencies.
Be Proactive

• Take the 9834 and do a pre-MOR self audit.
  • Correct any deficiencies found during your self audit.
• If tenant files are not regularly audited for compliance do a 100% file review, if time allows (use the Addendum A as guide). If files are regularly audited, or time will not allow a 100% review, then do a random sample. And follow up with other files as needed.
• Ensure all required documents are in the files, calculations are correct, necessary documents are signed and dated etc... and make all necessary corrections.
Be Proactive

On day of MOR be Present and Ready

• Be on-site during the MOR.
• Have all requested documents ready and available for review at the start of the review.
• Pull files and additional documents as requested including obtaining documents/information from the home/corporate office if needed.
• Be available to answer any questions.
• Participate in questionnaire interview and be prepared to discuss or explain any item as needed.
• Be present for and participate in the close out meeting.
Be Proactive

The key for preparation for an MOR and continued success and compliance is to remain informed and proactive after the MOR concludes and throughout the year/years between MORs. It is an ongoing process that requires periodic review and follow up that should not be limited just to the MOR process.
MOR Response Process Overview
Response Overview

Provide a complete and Timely Response

• Timeframe for responding:
  • 30 days from the date of the MOR report.

• Consequences for not responding on time:
  • HUD is required to flag Owner/Agents that do not provide a response within 30 days.

• Appeal process:
  • Owner/Agent has the right to appeal a below average or unsatisfactory overall score, and it must be received within 30 days from the date of the MOR report.
Response Overview

How do you provide a complete response?

• Your response needs to include all items asked for in the corrective action for each finding.

• Each finding needs to be addressed whether it has been completed or not. An explanation must be provided along with the progress on each finding that has not been completed.

• Your response needs to include a cover letter and all supporting documentation, summaries, and written certifications requested for each finding.
